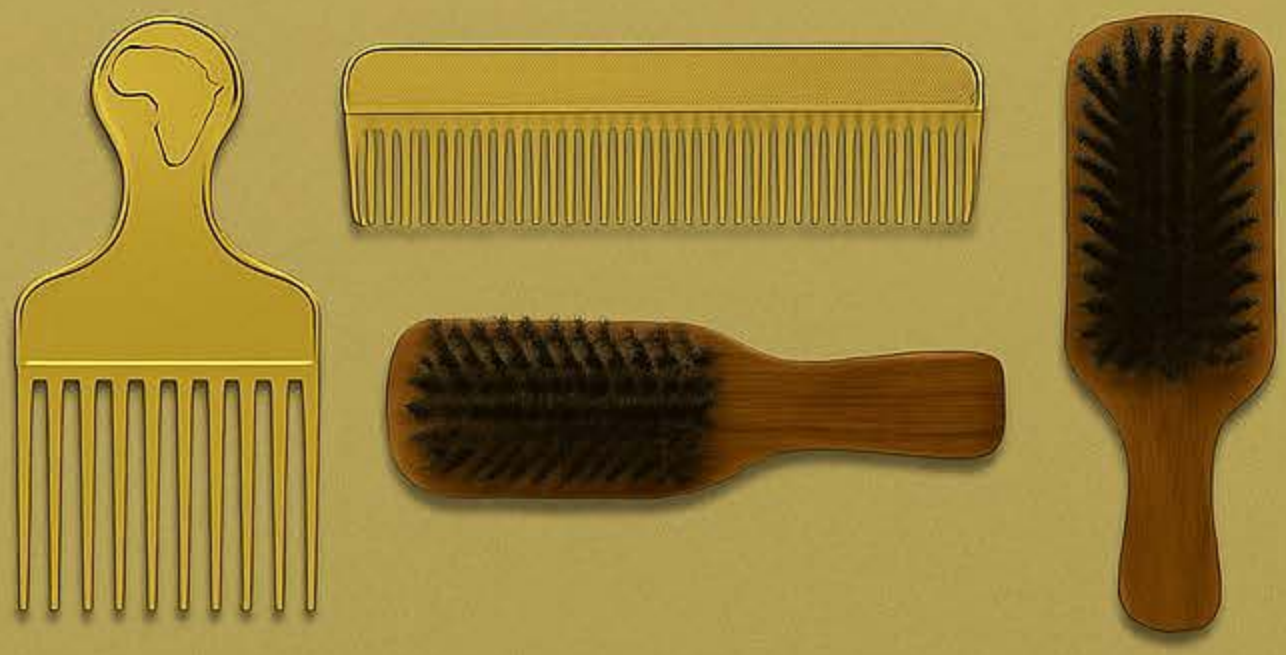
3 KINGS

GROOMING



ABOUT US

3 Kings Grooming was founded in 2019 by three brothers, Michael, Brandon & Eric Nwankwo. With the vision of paying homage to the origins of the African diaspora, “The Motherland.” we began with focusing on hair and grooming, a common symbol of status, spirituality, and royalty within many ancient African civilizations. With this, came the birth of our staple product, the ’-fro Pick.’ We have chosen this as an authentic emblem of our connection as members of the African Diaspora.
